

NOTICE FOR PARENTS/CARERS OF FS AND KS1 CHILDREN

Dear Mums, Dads and Carers

We have been made aware that some of you are congregating between the first and second gates when dropping your child/children into school. This area should be clear during this time so that all mums, dads and carers can watch their children get safely into school. This is of paramount importance to us, we know it is important to you too.

Therefore when dropping your child/children into school in the mornings we would kindly ask that you wait behind the first set of gates and watch your child get safely into the school, through the second set of gates. Then move away from the gates so that others can watch their children get safely into school too.

We appreciate your support with keeping all our children safe.

Kind Regards

**Cecilia McCarthy
School Business Manager
Putteridge Primary School**
